Campus Access Control System

Edward Dylan Hugo Robby Wesley

Watson Julian B Isaac

Install Access Control Equipment

Install access control devices, including gates, and surveillance cameras at various entrances on campus.

Using A AccessCard

Using a access card might be the best way to keep intruders out of our school, because they are easy to carry and hard to optain.

Letting a AI bot to

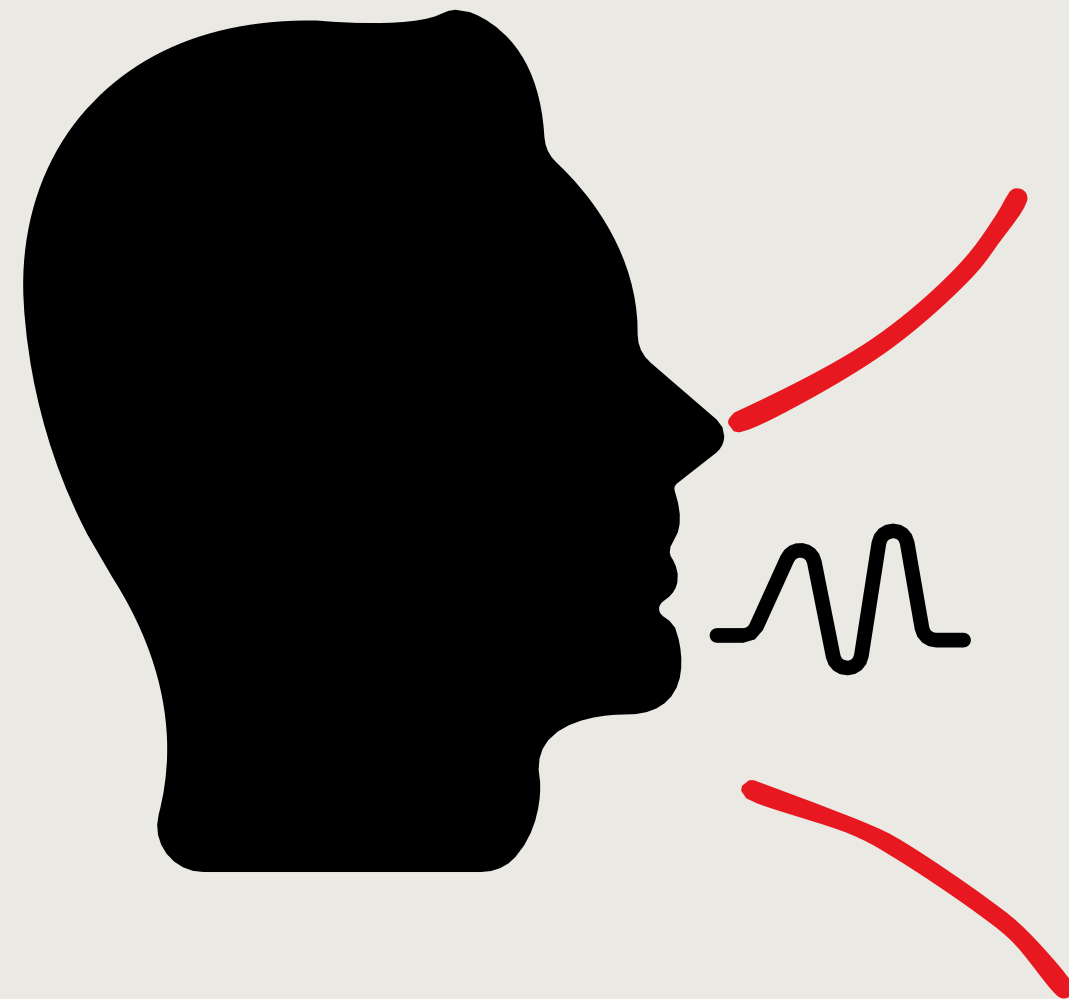

patrol
Letting a AI bot to patrol

AI robots patrolling the campus, security measures can be strengthened, ensuring the safety of students, staff, and visitors.

Sound Recognition

Verify personal identity by analyzing the voice, such as pitch, frequency and speech rate.
