OUR TEAM MEMBERS

陳羽澄 Eason

My name is Eason.
I like to play basketball.

蔡秉辰 Henry

My name is Henry.
I like math.

何定謙 Derek

My name is Derek,
I like to use code

OUR TEAM MEMBERS

孫翊恩 Elaine

塗語潔 MIA

陳韋霓 Amy

My name is Elaine.

My hobbies are reading,
swimming and playing flute.

My name is Mia.

My hobby is playing badminton.

My name is Amy. I can play the
piano and my hobbs is playing
badminton.

INFLUENCE

sea level rise

Extreme climate

loss of cultural heritage

SEA LEVEL RISE

Climate change makes Anping Fort face flooding, damage, and harder fixing.

Climate change makes
Anping Fort face
flooding, damage,
and harder fixing.

EXTREME CLIMATE

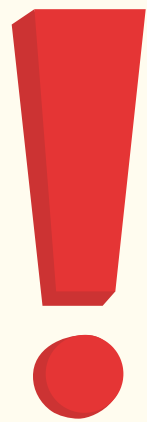

By 2050, 426 square
kilometers of Tainan
may be flooded,

LOSS OF CULTURAL HERITAGE

If old things are broken
we can not see them or
their learn stories.

文化遺產

SOLUTION

科技方案 Accelerating Solutions to Sea Level Rise for Fort Zeelandia

裝設水位感測器 + 智慧
警報

Install Water Level Sensors
+ Smart Alerts

AI 預測淹水風險

AI Predicts Flood Risks

3D 掃描保存古蹟資料

3D Scan to Preserve
Site Data

We need to keep Anping Fort
safe from water and
weather by making it
strong, taking care of it, and
working together.

WHAT CAN TECHNOLOGY DO FOR ANPING FORT?

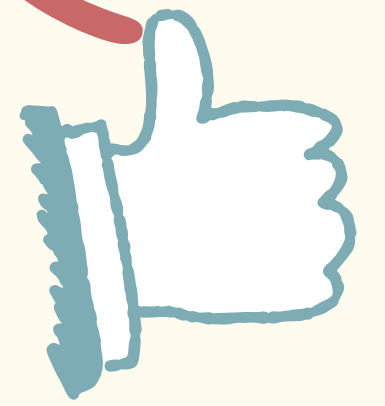

Technology helps Anping Fort stay
safe from floods and weather by
warning early, fixing strong, and
saving its look.

Technology helps
Anping Fort stay safe
from floods and weather
by warning early, fixing
strong, and saving its
look.

THANK YOU FOR LISTENING

Anping Fort is our pride. In the face of
climate change, we use technology
and action to help it safely move into
the future.
